Summary

Detail-oriented Computer Science Engineering student specializing in secure software development, proficient in multiple programming languages including Python, Java, and C++. Hands-on experience with full-stack web technologies such as ReactJS, Node.js, and PHP enables the creation of robust applications that meet user needs. A solid foundation in cybersecurity principles, complemented by knowledge of AWS cloud services, effectively bridges development and operations. Committed to writing clean, recure, and efficient code to address complex real- world challenges while fostering innovation and collaboration.

Education

S. N. Patel Institute of Technology & Research Centre

Bachelor of Engineering: Computer Science

May 2026

Jeevanbharti Uchchttar Madyamik Vidhyalaya - Surat, India

Higher Secondary Certificate: 12th Science, 60.5%

Mar 2020

Jeevanbharti Uchchttar Madyamik Vidhyalaya - Surat, India

Secondary School, 70%

Mar 2020

Experience

IBM SkillBuild - Remale

Intern

Jun 2025 - Jul 2025

- Completed IBM SkillBuild's "From Learner to Builder: Become an AI Agent Architect" program
- Hands-on experience in AI agents, data analysis, and Python-based workflows through IBM SkillBuild.
- Gained hands-on experience in full-stack web technologies and collaborated on a team.

Toshal Infotech

Frontend Developer

Jan 2026 - Mar 2026

Surat, Gujarat

- Developed and optimized interactive user interfaces using React.js, ensuring seamless cross- browser compatibility and responsive design.
- Collaborated on integrating RESTful APIs and managing state using modern libraries to enhance application performance.
- Applied secure coding practices to frontend components, focusing on data integrity and user authentication workflows.

Certifications

- AWS Cloud Practitioner
- AWS Billing and Cost
- SAP Logistics Management

Projects

- Smart Attendance System
- AI-Task-Orchestrator
- Spam Email Classifier
- Weather Application
